

Letter of Recommendation

Dr. Khurram Khan
Teacher, Computer Science
The City School A level Campus
32-E Gurrumangat Road
Lahore, Punjab

To whom it may concern,

It is my pleasure and honor to recommend my student, Ali Muzahir, for the Young Leaders Access Program of 2020. I have known Ali for about 3 years now and was delighted to serve as his teacher throughout his A levels at The City School. After reading through the criteria of the said program, I strongly believe that you would struggle to find a student more deserving and more in need of it than Ali Muzahir.

This program looks for supporting those students who are interested in addressing communities' pressing needs, by empowering current leaders and readying leaders of tomorrow. Since I have known him, Ali has demonstrated these qualities both academic wise and in extra curricular on multiple occasions. In particular, the times he managed to host amazing computer science competitions to raise awareness of technology.

On a personal level, Ali is a young man of strong character who fully embodies all the traits you look for in potential candidates. Specifically, I was astounded by his strong will and thirst for knowledge and the urge to help those around him, whenever he could.

I have absolutely no reservations about recommending Ali for the Young Leaders Program. I have no doubt he will uphold the standards of the said program and become a shining member of your community. Please feel free to contact me if you have any questions regarding his character, past academic work, or any other qualifications related to this program.

Sincerely,

Dr. Khurram Khan
